International Certificate in Logistics and Transport

What attracted you to apply for Aspire funding?

I am a young student and I wish to contribute the development of my own country, Africa and world in general especially in Logistics and transport sector. I come from a poor family who cant afford to pay for my education expenses to I applied to Aspire to archive my dreams

What course did you apply for and why?

I applied for a course in Logistics and Transport management because in my country we have a shortage of professional in this sector and there are many problems in the transport system like traffic jams, rotten of transit goods due to the poor infrastructure, bad ways of distribution system. I decided to study this course so I can help minimise such kind of problems

What proved the biggest challenge during your studies?

Getting a place to take part in field work and the cost involved with getting to the college

What's been the most rewarding aspect of the course?

The teachers are among the best I have had and they helped me to enjoy the studying of this course

Is there anything that surprised you about course?

There was not much that surprised me but I am surprised about all the systems of supply chain because I didn't know before

What new skills have you acquired as a result of the training?

How to manage a large group of fleet as a gleet manager, how to manage passenger transport and how to make the vehicle utilise and to increase profit in the organisation

How did you find the experience

The experience was very interesting

Is there anything else you would like to comment about your Aspire experience?

I would like to thank the organisation for making people archive their dreams

What advice would you give anyone considering applying for Aspire funding?

You need to study hard so you can get good results and archive your dreams
