

Harold Mujanayi Badibanga  
Congolese

Level 6 Advanced Diploma in  
Logistics and Transport

I am honoured to be a recipient of the Aspire-CILT scholarship and I wish to express my sincere thanks to you and your organisation for your generosity, and for looking out for transport and logistics students, like myself, who are in financial need.

Growing up in single-parent home in Kasai Oriental (Democratic Republic of Congo) where my grandmother had to work extremely hard to make ends meet has made me fully realise the value of education. Also living in a foreign country made it even harder to achieve my educational dreams.

Now, I am basing a large percentage of my time in humanitarian logistics, I desire to make a difference in the lives of less fortunate people of different ages. I want to teach them and educate them to understand how they can help themselves, rather than becoming dependent on hand-outs and short-term relief packages. I aim to tutor and educate people to increase confidence, overcome anxieties, and increase their marketability while searching for work. I want to provide inspirational speeches about how they can use their current circumstances and situation as a lesson.

I am glad; I have the opportunity to thank you personally for your generosity. Without a donor like you, many students would be unable to pursue the career of their dreams.

My future plans include pursuing a career in transport and logistics, supply chain management and becoming a leader who is entrepreneurial, culturally sensitive and socially responsible. I not only have passion for transport and logistics, but also have a vision for the community to provide safer mobility, more accessibly, efficiently and most importantly, affordably without jeopardising the economic and social environment today and in the future. I hope to be able to contribute to the transport and logistics industries for many years. This award will prove to be extremely valuable to me in pursuing an advanced role within transport and logistics.

Once again, I want to thank you Aspire and CILT(UK) for the generosity and kind spirit in funding these scholarships, which provides members like me with support and encouragement, not just for me but for my family too. I would also appreciate if you would please convey my deep thanks to the other members of the board.
