CILT Level 5 Diploma Logistics and Transport Management

What is your current job role or situation and where are you based?

I am a full-time student based in Zimbabwe, pursuing a career in Logistics and Transport industry/

What funding / course did you apply for?

Chartered Institute of Logistics and Transport, UK (CILT (UK) Level 5 Diploma)

How will this support your career development?

Getting quality education is the key to success, with the support of CILT and Aspire, I am confident that I am on the right track to fulfilling my dream of having unlimited career opportunities in one of the biggest and leading industries in the world. Upon completion of the Level 5 Diploma, I intend on progressing to a BSc (Hons) Logistics Management accredited by CILT through the University of Lincoln.

What are the main learning's and how will you apply this?

The CILT Level 5 Diploma has a range of units to choose from depending on your career objectives. I chose to study Management in Logistics and Transport, Supply Chain, Transport operations and International Business as I believe that these units will be of great benefit as I aspire to be employed in middle to upper management position.

What skills do you now have as a result of the training?

Having successfully achieved CILT Levels 2 and 3 Certificates, I view the world differently now than I did before I began studying and being a CILT member has added benefits such as, access to industry information, unlimited support and resources. I have really enjoyed learning more about the fundamentals of logistics and transport, transportation of goods and people, supply and demand, warehousing, handling of hazardous materials, management, business and more.

What would your advice be to others looking for support from Aspire?

No matter where you are in the world, financial difficulties should not deter you from reaching your full potential. An educated world is a better world and I think that Aspire stands for that mission by giving committed individuals an opportunity to pursue internationally recognised, respected and great paying careers or just an opportunity to dream again. I absolutely encourage anyone seeking educational support to contact Aspire. Not only are the CILT and Aspire staff supportive, you will feel that someone out there does cares about your success. As a young man, it is very important for me to pursue a career in order to serve not only my community but the world as well.

Is there anything else you would like to comment about your Aspire experience?

My Aspire experience was amazing, at one point I didn't know if I was going to finish my studies due to financial difficulties but I came across a publication about Aspire, I followed through with the application and a few weeks later, I received confirmation that I was approved, I was excited and at that moment, everything fell into perspective, I will forever be grateful to Aspire for this opportunity. In addition I would like to personally thank Elizabeth Stribley for their immense support.
